

Driver Operator-Pumper Certification Program published

All information concerning the new IFSAC-accredited Fire Apparatus Driver Operator—Pumper certification program has been published on our website. You can find all information and forms on our firefighter certification page. Please review the policies and guidelines as there are a few differences between testing processes for Firefighter and Driver/Operator certification. EST will begin accepting Driver/Operator testing requests effective January 3, 2005.

It is my sincere wish that each of you have a quiet, safe, and happy holiday season. Please take time to remember those who are in harm's way, serving our country this Christmas. God bless and keep them and God bless America!

Merry Christmas and Happy New Year everyone!

Jerry Schroeder
